Good morning, Mr. Bryan. I hope you had a Merry Christmas and hopefully the new year will bring some good luck!

I was recently appointed to the library board (thanks to you and your fellow councilmen) and I know there is an opening coming up on the board in January. Doug, Stephanie, and I have been working well together and we have been uncovering a lot of things and trying to right a lot of wrongs. It's our belief the library should be a apolitical entity and we're trying to achieve that goal; while also making it more fiscally conservative especially with the budget deficit. I would like you to consider appointing Robert Judge to the board. He has a passion for the library system and has spoken out against DQST, so we know he will be a strong voice. I believe he would work hand-in-hand with Doug, Stephanie, and I. We need all the help we can get especially as we go into the new year. I will continue, as well as, Stephanie and Doug, to update you on our progress because we have big things in the works. If you have any questions, you can call me at this number. Again, I hope you consider appointing Robert so we can continue to better out library system.

Thank you and Happy New Year,
Landon M. Boudreaux

Hahah, that's awesome

I got hate email this morning. Talking about how unqualified you are to be on the library board in the parish council should've never appointed you

little minion police chief after me at the statue, Landon started a smear campaign against me. His teenaged ass had the audacity to question MY "credentials." I wouldn't spit on him if he was on fire.

Gullory, Carlson & Guilbeau just want to torch the library. I dont much of Naquin & Tabor to know if they're ashamed of what's happening, or apathetic. I'm sad for Rubin b/c while he was a "yay" for Stephanie I think he didn't know how antagonistic to libraries these people were

This is what transpired last night. Hateful as can be. My guess is that they were able to get away with anything they wanted for years at the library and they're mad that can't happen anymore.

Awesome. I didn't want them to get cold feet over all this bullshit. Claire Taylor...I can't even begin to say what I want

That is who stirred up all this trouble. She blatantly lied in that article and twisted words.

Agreed!

It's crazy

I lined up security for tomorrow night as well

you're the man

I appreciate that. I'm not worried about my security. But I am concerned for Stephanie, Hilda, and Adele

Yeah. It's wild.
